CELEBRITY CRUISES HISTORY

In 1989 the Chandris family introduced the first Celebrity Cruise® ship - promising cruisers a new kind of vacation that would surpass all others in terms of service, value, sophistication, and exceptional quality. The inspiration for the "X" logo came from the Greek alphabet, as "X" is the symbol for the Greek letter "Chi," which is the first letter in the Greek spelling of Chandris. However, more than a reference to the Chandris family, the "X" now serves as the face of the brand. It is a powerful graphic emblem with strong recall, perfect in balance, harmony and symmetry.

NASSAU, BAHAMAS

There are 700 Islands of Bahamas sprinkled over 100,000 square miles of ocean starting just 50 miles off the coast of Florida. The archipelago is an ecological oasis featuring 2,000 breathtaking islands and cays and boasts some of the clearest water on the planet – with a visibility of over 200 feet. Originally called “the Lucayans” (after the original natives), the name was later changed to The Bahamas by Ponce de Leon’s Spanish expedition in 1513. The name is from the Spanish “baja mar”, meaning shallow water. Nassau is both the capital and the commercial center of the Bahamas. The city is located on the island of New Providence, which has an attractive harbor, a colorful blend of old world and colonial architecture and is also a busy port. The tropical climate and natural beauty of The Bahamas has made Nassau a popular tourist destination.
